

LAKE CHAMPION®

YL younglife® CAMP

Some helpful ideas for packing to spend a Winter weekend at Lake Champion:

- Lake Champion is a fantastic Young Life resort. We call it a camp, but it is really not anything like a Boy Scout or Girl Scout Camp. You can visit <http://lakechampion.younglife.org> for complete information and photos of the camp.
- Kids will be sleeping in bunk style rooms with an adult leader and kids in each room. There are rooms with 10, 12 and 14 bunks. Additional beds may be provided with mattresses on the floor.
- **Due to COVID guidelines, All linens are must be brought to camp for each camper. This is a different procedure from previous years. Each camper should bring their own pillows, sheets, blankets, or sleeping bag and towel. Bunk beds with mattresses will be provided.**
- **Each camper should bring several masks and hand sanitizer.**
- One side of camp is for girls and the other side of camp is for boys. They will be housed in separate buildings.
- Campers should bring their own toiletries including shampoo, toothpaste, deodorant, feminine products and other items.
- Absolutely no alcohol or drugs are permitted on camp property.
- Bring warm clothes and layers. You may also want to bring a rain coat or winter coat/fleece and boots or shoes.
- Many camp activities are outdoors and around the lake. Check the weather forecast the week of the trip. BE PREPARED.
- We also will have many outdoor activities transition to indoor activities which is why layering is essential. Campers will wait outside the dining hall and club room before being let in to those buildings.
- All students will eat together in a very large dining hall. If campers have any special dietary concerns, please complete the woofoo form that has been forwarded.
- **We will be having a Christmas Theme night on Saturday night. Campers should be encouraged to bring something "Christmassy" which can mean anything from a santa hat or reindeer antlers to ugly sweaters, sweatshirts or tshirts. This could be an opportunity for cabin unity also.**
- The snack bar is open during free time for ice cream, milkshakes, soda, chips and the like. There is also a camp store with t-shirts, sweatshirts, hats, disposable cameras and other goodies. Its a good idea to have some spending money for the trip.
- Bring plastic bags to put any dirty or wet clothes into for the ride home.
- The main office number for Lake Champion is 845-856-6871 if you need to reach the camp or your child.
